Computer Repair Plus is an A+ Certified Service Center

Computer Repair Plus lets you *sleep easy* knowing your computers are in good hands being monitored **for potential problem areas that will cost you down time and can interfere with your business' productivity.** You can rely on Computer Repair Plus to take the worry and frustration out of the care and performance of your business computers. *You can concentrate on the important matters of doing what you do best, running your business.*

Computer Repair Plus is now offering a one-year maintenance agreement to businesses. Our team of experts will come to your site once every three months. They will perform a complete tune up, cleaning, and diagnostics of your computers, finding any potential trouble spots and answer any performance questions concerning your computer systems. In addition to receiving the quarterly visits you will receive a 20 % discount on all service calls during the 1-year agreement.

PC Maintenance Agreement

Computer Repair Plus – 1460 Hwy 9, Lansing, IA 52151 563-538-4391

| Number of PCs | Reg. Charge Each | Your Discount | Your Price Each | You Save Each |
|---------------|------------------|---------------|-----------------|---------------|
| 1-5 | \$70.00 | 10% | \$63.00 | \$7.00 |
| 6-11 | \$70.00 | 20% | \$56.00 | \$14.00 |
| 12+ | \$70.00 | 30% | \$49.00 | \$21.00 |

Regular maintenance repairs prevents expensive repairs by extending the life of PC components, promotes productivity in PC users, and offers data protection in case of unexpected failure.

The above prices include the following services:

- • Removal of thermal dust/debris
- • Power surge equip check
- • Power supply voltage check
- • PC placement safety check
- • Floppy drive alignment and cleaning
- • Virus check
- • Clean and reseal circuit boards
- • Adequate hard disk space check

- • Optimize/defragment hard disk
- • Monitor adjustment
- • Full inventory of PC components and software
- • Creation/update Rescue Disk
- • User Interviews

This maintenance procedure is a proven process that offers protection against disaster and extends the life of the PC components. We recommend this procedure be performed quarterly once every three months.

With this agreement, we also offer repair services at a 10% discount for parts and 20% discount for labor on an as-needed basis beginning the date the first maintenance service is performed. This provides additional savings and security to you without binding you to a payment schedule for repair services you don't need.

This agreement is our commitment to perform the services named above.

Services will be performed after payment for 1-year agreement based on number of computers using above cost chart. This agreement is subject to renewal each year, allowing for the addition of PCs and changes of the content of the agreement.
